193 2

Dear S. Smith

Got yours and Bums' letters  
this morning.

I guess you got the wretched  
little squab I wrote you right.  
You know I wrote you  
before Evans was in here and  
wanted to talk banks - and every thing  
else I tried to shift him off my  
back - but could not so I would  
write a line and answer some  
questions. After he left I wrote  
the paper which you have  
seen in this. So I could not  
write a long letter under those  
conditions -

I did not care what those  
low "snaps" had to say about  
Bums and I put just what I  
to burn them a little.

You certainly did wish me a  
pewet letter and I appreciated  
it so much - That you were  
wishing to forgive any pleasure  
for some one else - It seems  
that in the scheme of universal  
law that matters were decided  
this seemingly unjust fate to  
lose their very identity in  
living for others - I mean  
NOT DEERS and yet they are  
happy possibly happy in  
oblivion and isolation.  
(as you are) because by virtue  
of pain and sacrifice of toil  
and hope - selfishness the  
learning sin of the world  
is qualified - to the extent  
that they can bring Heaven  
and earth so close together  
that they are capable of enjoying  
the pleasures of both -

an accomplishment that other mortals cannot attain.

I love you is a mother and sweetheart - of whom I wish I were worthy.

I am going to bring your name before the Legislature again - if for not more than eight or ten fleeting days -

It will arrange for Benne - if nothing very unusual does not yet happen -

I will not mention things more now in pleasure - I saw Dennis relative to Thelma and he advises me that the Judge has authority to commit her without public hearing - when proper proof submitted, I will tell the Judge at a later date relative to the necessary procedure

I have been very busy - session in morning - and meeting Finance Com. - evenings - The Com. was in session from 3 P.M. yesterday until 7<sup>30</sup> and from 2 till 4 of this eve. Committee assignments may be honorable - but, a certainty necessitate work and the attending of your responsibilities.

Revenue bills are now almost ready to introduce - stenographers are at work copying them night and day - They (the bills) are quite voluminous -

Lester I may come home Sat and return Sun. eve - but don't be disappointed in the event I don't.

Walter Lee told me tonight he was expecting to drive through Sat and return

Lucas and invited me  
to make the trip with him  
which I shall do if not prevented.

I saw Anna Bay this morning -  
she looks well inquired as  
to when you went sailing -  
and insects you must -

Don't say Clara is slowly  
improving Dick has just  
returned from a visit to

W. B. and reports him  
doing fine -

I'm done for this time -  
Love for all my folks -  
and "Good Night"  
Daddy
